Monthly Highlights & Achievements

March Milestones at HKIT

March has been a month of strong execution and successful delivery at HKIT. We are proud to share that we have successfully closed 4 ISO projects for our esteemed clients – TPF India , TPF - US , Careernet and TTK

- Successfully completed end-to-end ISO implementation
- Conducted and closed external audits
- Ensured smooth compliance alignment with minimal gaps
- Strengthened client security posture and governance framework

These achievements reflect our commitment to delivering quality-driven, compliance-focused solutions to our clients.

Successful Audit Execution

- Our team demonstrated exceptional coordination and expertise in:
- Pre-audit assessments
- Documentation readiness
- Audit coordination with certification bodies
- Closure of observations within timelines
- The seamless execution of these audits highlights our strong domain knowledge and structured approach toward information security compliance.

Service Excellence in Action

At HKIT, our focus goes beyond project completion:

- Ensuring long-term compliance sustainability
- Providing continuous guidance and support
- Enabling organizations to build resilient security frameworks

Strengthening Client Partnerships

This month, we continued to work closely with our clients not just as service providers, but as trusted security partners.

Our approach includes:

- Understanding client-specific risks and environments
- Delivering customized compliance strategies
- Providing ongoing advisory support

We believe that strong partnerships lead to stronger security ecosystems.

Focus on Compliance & Data Protection

- With increasing regulatory expectations, organizations are prioritizing:
- Data protection and privacy frameworks
- Risk management and governance
- Continuous monitoring and compliance
- HKIT remains committed to supporting organizations in navigating evolving compliance landscapes including ISO standards and data protection requirements.

Awareness & Capability Building

As part of our continuous efforts:

- We emphasized security awareness initiatives
- Supported clients with best practices and advisory
- Encouraged adoption of secure processes and controls

Building awareness is key to reducing risks and enhancing organizational security culture.

Gratitude, Growth & The Road Ahead

Closing FY 2025–2026 with Gratitude

As we mark the closure of FY 2025–2026, we extend our heartfelt thanks to all our:

- Clients
- Partners
- Associates

Your continued trust and confidence have been instrumental in our growth and success.

Looking Ahead to a New Financial Year

- As we step into the new financial year, we look forward to:
- Achieving greater milestones together
- Expanding our service capabilities
- Strengthening our global and domestic presence
- Delivering even more impactful security solutions
- We are excited about the journey ahead and remain committed to “Growing Together by Securing Together.”

Your trust motivates us to continuously improve, innovate, and deliver excellence.

We look forward to another year of collaboration, growth, and success.
